All About Me.....

Bruce Glaser (CB handle "Bruiser") has been with Doug Bradley Trucking on and off for 5 years with recently switching over to Owner Operator. Bruce is originally from Junction City and has wonderful childhood memories at Milford Lake. He has visited 48 States and has been an Owner Operator for most of his driving career but states that working here is like "family." His favorite restaurant is T-Bones in Lake Wylie, SC and the favorite place he travelled to was Scotland while in the Navy. He says his best vacation was last year in Louisville, KY with his girlfriend Kay, daughter and kids. Bruce's "bucket list" consists of a Jamaica trip and going back to Scotland. During his free time, he rides his Harley on charity- benefit rides, loves antique hunting and projects around the house and yard. Bruce is a Game of Thrones Fan and listens to old time Rock & Roll, Blues and live music. When asked about a funny incident he says "we all do funny things but when I do, my girlfriend Kay says well at least your pretty" in a chuckle. He wears his heart on his sleeve, is giving, funny, calm, cool and believes patience is key in life. Bruce is PROUD to live in America as a VETERAN AND PATRIOT. Well Bruce, we Thank You for your service, keep up the good work and we and look forward to many more years.

Reminder to Owner-Operators.....

Per DOT Regulation, Doug Bradley Trucking is required, as the authority holder, to keep and maintain all equipment maintenance records for a period of at least 1 year. This is in addition to you keeping and maintaining your own records. We have become too lax in this department and are asking that you submit us copies of all equipment maintenance and repairs for the last year that were not done at one of our terminals and ask that you turn them in at the time of service, every time.
