## All About Me.....

Jerry Smith has been with Doug Bradley Trucking in the Abilene terminal since October of 2018. Jerry is originally from Smith Center, KS. Before coming to Doug Bradley Jerry drove a school bus. Jerry said he enjoys working at Doug Bradley because “Everyone treats me great”. In his spare time he enjoys riding his motorcycle, watching the Fast and the Furious, collecting gnomes and old cars, woodworking and spending time with his kids. Jerry mainly drives locally out of our Abilene office, but also has been known to do some OTR loads as well. If you do happen to catch Jerry tootling around in truck #1043 his CB handle is Hairball. Jerry believes Knowledge is a very powerful tool. On Jerry’s bucket list is to go to Maine as well as someday fly on a plane. We would like to thank Jerry for all his hard work and say we appreciate that he is always willing to do whatever load needs to get done. We look forward to many more years together.

Things happen quick when on the road. Focus your attention on your driving and keep your head on a swivel. You may be the one preventing the accident through good defensive driving.

If you have been following DBTI's Facebook you may have noticed we have been posting some nailbiting videos captured by our drivers.

Driving is one of riskiest things you do on a daily basis and you're constantly anticipating hazardous situations and adjusting your behavior to compensate.

By sharing the videos we hope the public develops a better appreciation for the risks you are all exposed to daily and the wacky things you see.
